

BULKY ITEM DISPOSAL

The town no longer provides curbside bulky item pickup. Instead, the town uses a voucher system that will provide residents with three vouchers per fiscal year (July 1 thru June 30) which may be used to take items to the **landfill** at no cost. White goods may be taken at any time and disposal for these items is free. No voucher is needed.

Vouchers are available by request only. You may contact Town Hall (6510 Shallowford Road) in person, via email (reception@lewisvillenc.net), via the web site (www.lewisvillenc.net - select TOWN SERVICES, SOLID WASTE AND RECYCLING), or by telephone (336-945-5558). You must provide your name, address, telephone number and driver's license number in order for the voucher to be issued. This information will confirm that you are a Lewisville resident.

In addition, containers will be provided at the three Recycling Day events for bulky items.
