Happy New Year!

TOP 2 REASONS TO VISIT JACK WARREN PARK

Jack Warren Park, est. 2010, has much to offer the community throughout the year. The top reason to visit the park is to start your New Year fitness goals. The park features a wonderful 1/2 mile walking trail with Par Course fitness stations, large playground, pavillion with picnic tables, two horseshoe pits, two bocce ball courts, and a large multi-purpose field. There are restrooms and ample parking.

The second reason to visit is you will notice a new addition. The playground equipment has been retrofitted with the addition of new sunshades. See photos below. This is a great park to enjoy any time of the year. Please remember **no pets allowed**.

Jack Warren Park is open from dawn to dusk every day. The Park is located at 440 Lewisville-Clemmons Rd.

NEW SUNSHADES

From your Mayor

Standing Tall

This year begins the 19th year that I've served you on the Lewisville Town Council and my 5th year as your mayor. I remember my first term in 1993 like it was yesterday and the painstaking efforts we took to set the foundation for the town. We felt our way forward, made some mistakes as we learned, but always maintained our sense of who we were as a town and where we wanted to go.

What we have accomplished since our incorporation is the result of staying true to an uncompromised vision for our future that's shared by our residents, staff and past councils and articulated in our Comprehensive Plan.

As we start a new year I think it is appropriate to pause, just for a moment, to celebrate the labors of so many who have given so much of themselves and their time to help shape our community.

We are indeed fortunate to live in our little town.

As your council begins a new term we have more opportunities than at any time I can remember.

Opportunities that include the construction of our new middle school, our gateway improvement project at Williams Road and 421, sidewalk extensions from Jack Warren Park to our eastern gateway at Lewisville/ Clemmons Road and 421, right-of-way acquisition and construction design for the long envisioned Great Wagon Road, completion of the Northeast Area Plan to manage growth in the area around the new school, design of our downtown storm water management system and moving ahead with our new community center.

This will be a busy two years for your town council that includes Fred Franklin, Robert Greene, Sandra Mock, Ed Smith, Jeff Zenger and our newest member Marci Gallman. We also are fortunate to have a great town staff who I am confident is up to the challenge.

As mayor, I am most appreciative to be working with a council that doesn't allow politics to distract us from doing what's best for our town. A council that brings a diversity of backgrounds, views and opinions to our discussions, and conducts itself with unquestionable ethics and respect for each other, our staff and our residents.

Each day is exciting to me. Finding ways to preserve who we are as a town, while also striving to see what we can become.

Now more than ever we need you to stay involved. Participate on our boards and committees. Attend our council meetings and share your thoughts with us. Let us know your concerns and, as importantly, let us know when we are doing things right. You are the compass by which we will navigate our amazing adventure forward.

We've got a lot going on, but quoting T.S. Eliot, "If you aren't in over your head, how do you know how tall you are?"

I think over these next couple of years we will show just how tall we are.

As always, I welcome your comments. If I can be of service to you, please let me know.

TOWN COUNCIL

FUTURE CAPITAL NEEDS WORKSHOP

The annual Town Council planning workshop has been set for Saturday, January 20.

The planning workshop will be held at Town Hall and will begin at 8 a.m.

"This workshop is largely an opportunity for the Council and staff to talk about projects and planning in the works and what we see on the horizon in the years to come," noted Town Manager Hank Perkins.

"This year's workshop serves as a session for the Capital Project Planning. It helps the Council to focus on the town's long range capital needs, rather than the regular day to day activities that Council focuses on during regular briefing sessions."
