Bulky Item Collection begins September 26

The Fall Bulky Item Collection will begin on Monday, September 26 for Lewisville residents.

All bulky items must be placed curbside by 6 a.m. on Monday, September 26. Waste Management will make one pass through the Town to ensure all items are collected.

"We want to make sure our residents are informed as to what is considered a bulky item. This event is intended for disposal of items too large to fit within a trash cart - items such as large pieces of furniture, carpet, mattresses, boxsprings and white goods," explained Town Manager, Hank Perkins.

"We are going to provide information in the newsletter, Channel 6, our website and Facebook to give everyone an opportunity to understand what is acceptable for bulky item collection. (An extensive list of acceptable and unacceptable items can be found on page 4 of this newsletter.) Residents may also call Town Hall if they have additional questions or concerns," Perkins added.

The rule of thumb is to avoid placing bags of trash, televisions, cardboard boxes, lumber scraps, clothing, books, construction debris and other prohibited items out for the collection. If Waste Management sees a contaminated collection pile, the site will not be serviced.

Perkins said the collection times are a busy one for staff because of all the calls as to what is allowed, reports of individual homes missed and complaints about people leaving unacceptable items at the curb long after the event has ended.

The staff will be using the Lewisville Connect phone system to contact residents as a reminder prior to the collection. This notification system makes phone calls to everyone with a land line and also to cell phone users if they have provided their contact information. It can also send texts and emails to those who have chosen to receive information in that manner. Residents can register for this service by visiting the Town's website at lewisvillenc.net and accessing the Blackboard Connect icon on the home page.

Get ready to tackle that garage project and let the Fall cleaning begin. Residents may contact Town Hall at 336-945-5558 to obtain further information or visit the Town's website at lewisvillenc.net.

From your Mayor

This past month, I was asked to write a letter to the future. This letter is one of several items that were sealed in Lewisville's time capsule to be opened in the year 2066. As a person who earned a living as a writer most of my life, this was a daunting challenge.

What would be meaningful to say to people – many not born yet? Should I be inspirational, reflective or scholarly? What if I sound trite or worse yet stupid realizing folks fifty years hence will be much smarter than us today - or at least some of us?

After an agonizing number of attempts, I yielded to my heart. Why don't I write about who we are today as a community and hope it still has relevance in the future? I'd like to share with you some of what went into that letter.

"To Lewisville Residents 2066, Lewisville today is a community of incredible generosity, genuine concern for neighbors and great pride in what we have built here together. Our residents are good and honest people who every day do extraordinary things to make Lewisville an extraordinary place to live.

How have we accomplished what we have today? We've engaged our residents to lead the town's visioning process through participation in our comprehensive planning and we've diligently adhered to that planning.

We've sought our most talented, committed and insightful of our residents to participate in our town's committees and boards. This is fundamental to how we govern today. If you trust their judgement and guidance, you will be surprised and pleased by their wisdom.

Mike Horn

We've preserved the integrity of our town council and staff, which, in its first 25 years, has risen above partisan politics and worked together with respect for each other and a selfless commitment to the betterment of our community.

We've respected the voices of our residents yet we've been mindful to choose what is in the best long term interests of our town. We have resisted the temptation to make decisions under pressure because it may be politically advantageous.

These are the principles on which your town was built. These are the principles that we hope have endured and become entwined in your values.

We can only imagine what Lewisville might be like a half century from now when this letter is read. We hope you have chosen wisely and preserved our unique small town character."

I hope these words and this message will reflect our community a half century from now as well as it does today. As always, I welcome your thoughts and comments.

The Open House format was hosted by the Town of Lewisville, the NC DOT and CDM Smith Engineering. Interested citizens gathered to ask questions and offer suggestions for the proposed road project.

The proposed Great Wagon Road would connect David McKee Street to Shallowford Road and North Street to Lewisville-Vienna Road.

The project is currently funded for the Environmental Document and Preliminary Engineering phase. Information from this meeting will be used to refine the project purpose and need, design parameters, study alternatives and environmental features.

The next meeting will be on Tuesday, November 1 from 4-7p.m. at Lewisville Town Hall.

Annual Fitness Walk begins September 19

It's time to dust off those walking shoes and sign up for Lewisville's Annual Fitness Walk for 2016.

This year our theme is "The Shallowford Stroll," and along the way we will be sharing reasons why walking is such an effective method of exercise.

The walk is again 50 miles. You may walk on a treadmill, Lewisville's many downtown sidewalks, the walking trail at Jack Warren Park, your own neighborhood or anywhere else you prefer. We only ask that you keep track of the distance.

Upon completion of the walk, all registered walkers may contact Town Hall. We will place all the names in a hat and draw two winners. The two winners will each receive a \$50 Visa gift card.

The walk will conclude on November 28. You may contact Town Hall to register at 336-945-5558. Registration begins September 19.
